Shake ya hairfeather: Featherlocks hair extensions

A few weeks ago, Swink Style Bar invited a few girls in to try out [hair tinsel](#) and Featherlocks hair extensions. Initially I went in to get some tinsel but as soon as I saw my stylist Megan's hair, I knew feathers were the way to go.

[Featherlocks](#) by Condition Culture are actual feather extensions that are easily and inexpensively applied to your hair without using chemicals or damaging your hair. Think of it as a sweet and simple way to add some swag to your hairstyle :)

Swink itself is a fabulous place to get your hair done for your birthday, wedding, gala or any other special event for a really reasonable price (\$30 gets you a choice of different blowout styles.) For the Featherlocks treatment, \$45 gets you a style and two feathers, with each additional feather just \$10 more. Insider's note: Enjoy \$10 off hairstyles on \$20 Tuesdays! Sweet deal, yeah? I'm feeling a little addicted to the place already. I mean, who couldn't use a boost to their hairstyle even with nowhere special to go? Swink is absolutely darling and the staff is super nice. They also offer makeup, lash extensions and coming in January - facial waxing as well. Peep their service menu [here](#).

Thanks to Natalie, Keridwyn, Megan, the Swink team and Featherlocks for my feathers!
