## SEATTLE ENGAGEMENT PHOTOGRAPHER – RYAN AND JULIA

03/15/2011

CATEGORIES: **ANYTIME**

Julia and Ryan are the type of couple you only need to be around for about 10 minutes before you get exactly what makes them tick. The perfect balance of yin to yang, peas to carrots, and peanut butter to jelly, they just compliment each other so well. He jokes, she laughs... she plays, he plays back. We braved the weather and roamed around Seattle for an afternoon of gorgeous image capture. These two will tie the knot this October in Las Vegas, the place they first met and fell in love.

On a sidenote, I want to personally congratulate Ryan on one of the BEST, most romantic proposal stories I've heard to date. Regular readers know I like to save these proposal stories for the post about their wedding day. I will however tell you that it involved a trip to Paris, and a big surprise waiting for Julia there.

Ryan and Julia,

Thank you so much for braving the weather and traipsing around Seattle with us! Ryan you were a champ, I know it's hard to be that GQ, but you rocked it out. It was a blast getting to know you better and I'm so excited about your upcoming wedding (with or without me)!

xo,  
Laura
