Sparkle at Swink

December 3rd, 2010

I LOVE SWINK.

I am a girly girl in every possible way and definition, my favorite color is pink, I love Justin Bieber, and I'm drawn to shiny things that sparkle. I mean think about it, I blogged about my sparkly skirt, sparkly shoes and now my sparkly hair! So like any girly girl would, I like to get pampered. What girl wouldn't? Katia, my other half/sister and I bonded at [Swink Style Bar](#) downtown this week. I had heard so many amazing and wonderful things about Swink that I knew I had to go in and see what all the buzz was about. I had the pleasure of meeting Natalie and Jacquie the fabulous ladies of Swink at the [CRAVEseattle](#) book launch a couple weeks ago. Katia and I went in to glitz up our hair with tinsel and feathers, yes you read that right, I just said tinsel and feathers. Swink JUST introduced these exclusive services- Hair Tinsel & Featherlock Feather Extensions are the "must have" hair accessories for 2011 and the perfect compliment to any outfit or for any occasion. I went with tinsel and Katia went with feathers. Can you take a wild guess as to the color I chose to have put in my hair? If you guessed pink you're right! I asked for hot pink tinsel in my hair.
